Caring Is Our Passion

Our Mission

Our mission at Hope Home Health, Inc. is to provide and ensure quality home health service. Our Agency is dedicated to provide competent, reliable, experienced and trustworthy staff.

Our health care professionals will ensure to create a significant difference in the quality of life for patients recovering from serious illness or injury as well as patients who need assistance in the activities in daily living.

The enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without discrimination of race, national origin, age, sex, religion, physical and mentally challenged clients

Our Services

- Skilled Nursing
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Medical Social Work
- Home Health Aides

Field Nurse

To assess and evaluate clients at home to determine what type of service is required.

To provide skilled nursing care such as wound care, nutritional guidance, ostomy, nasogastric, gastrostomy, tracheostomy care, catheterization, nutritional guidance, intravenous infusion therapy and HIV-AIDS related illness.

Physical Therapy

The physical therapist evaluates, develops plan of treatment and establishes home exercise program to improve mobility, transfer, skills, upgrade ambulation, as well as gait, balance and coordination.

Occupational Therapist

The occupational therapist evaluates and provides plan of care in the use of therapeutic, creative self-care in the activities of daily living and adaptation to their living environment.

Speech Therapist

Speech therapist provides rehabilitation service for speech and language disorder, as well as, instructs other health team and family members on methods in improving communication skills

Medical Social Work Services

A medical social worker helps patients and their caregivers with the social and emotional difficulties, which may result from illness. The social worker has knowledge and information about community resources such as meal delivery, transportation, finance and other services.

Home Health Aide

The home health aides help and assist clients to maintain personal care and hygiene, grooming and activities of daily living.
